

E-CYCLING 60 second PSA

The following is a message about E-cycling:

Don't know what E-cycling is? Well, here in New Jersey, the law prohibits the disposal of computers, monitors and televisions with your regular garbage.

As a consumer, you need to know the proper way to dispose of old electronics to avoid causing harm to humans and the environment.

Log onto "recyclenj.org", or call 1-866-DEP-KNOW to find a collection site nearest you.

Electronics have become one of the fastest growing waste streams in America. Don't let them poison our planet for generations to come!

E-cycling is not only the law, it's easy, free and it's a great way to do something good for the environment.

Find out more by logging onto 'recyclenj.org. Or by calling 1-866-DEP-KNOW.

And put your old computers, monitors and televisions in their proper place!
